CRAB ORCHARD

We have nothing sensational to report, no feuds, fights, drunks or runaways. I suppose the fact of Cam Sowder and myself being born, reared and living so long in Possum Holler is one cause of its morality.—The sick of our community including old Buck, seems to be pulling an up hill grade just a little, but the way is rough and the grade is steep, therefore our progress is slow.—Mrs. Margaret Hasty, wife of J. L. Hasty, has been very sick for quite a while.—Messrs. Towery and Owens are better at this writing.—J. M. Hurst is able to visit relatives. Nearly 5 long years has he tussled with stomach trouble, neuralgia &c.

The rain has come and it has gladdened the hearts of the farmer and made them thankful for the time being, but we are so constituted, or so educated that we soon forget the blessings we are constantly receiving, and rely too much upon our own feeble selves instead of asking help from Him that is always able and willing to help us. This is the main reason that Satan has such a grip on the human family to-day and has so many servants in his vineyard. Did you ever think how well he, and his cause, are represented in this free prosperous country of ours? Yea, in the habitable earth? Why some of his best agents are found even among our preachers and church members, saying nothing of our statesmen, politicians and all other professions. I used to think that farmers and common laborers were nearly, or quite, all honest, but I found out that human nature is the same everywhere. The common laboring man, tho' I will admit is worst imposed upon; and I have often wondered how he can pay all the robber tax placed on him by those other fellers. It is true that the U. S. is called "The land of the free," but I'd like to know when it became so; If we haven't a system of slavery—serfdom, I am too ignorant to distinguish between the two.—Freedom and Servitude. I started in to talk a little on religion and got on to politics. The chairman declares me out of order. Religion of some sort prevails among all nations, but not "pure and unfeigned religion"—Christianity. Not a great deal of it, I am sorry to say, is to be found among us, even, who profess to have it. Mere formality is taking or has already taken its place. Brethren let us "remember from whence we are fallen and hasten to repent and do our first work" lest our candle stick be removed from out its place. The oldest religion is either the Jewish or that of Confucius in China, the latter tho' I believe. Either of which far antedates the Christian religion; then we have Buddhism and Brahminism and other ancient Eastern religions which are well represented beside the different Pagan or heathen religions that perhaps out number many of those others. This gives us some idea of the slow progress Christianity is yet making in the conversion of mankind. But if Christian nations would spend one-half ($\frac{1}{2}$) the amount in sending missionaries and school teachers to heathen lands that they do for war and big battleships the gospel would soon be preached to every creature.

QUALITY vs. QUANTITY.
Hard muscles and strong body
do not depend on the quantity of
food you eat, but on its perfect
digestion and proper assimilation.
When you take Kodol Dyspepsia
Cure your system gets all the nour-
ishment out of all the food you eat.
It digests what you eat regardless
of the condition of the stomach and
conveys the nutrient properties to
the blood and tissues. This builds
up and strengthens the entire system,
overcomes and cures indigestion,
pyspepsia, belching, sour
stomach, etc. Kodol Dyspepsia
Cure for what is sometimes called
America's national disease-dyspepsia
is destined to eventually work a
wonderful and lasting benefit to
sufferers from this distressing and
mind harassing condition. Sold by

Russians may lead to peace.

Miss Katie King has gone to Covington to spend several weeks with her sister.—Mrs. Lizzie McCarley and little daughters visited Mrs. M. B. Patten on Thursday last.—Mrs. M. E. Fish has gone to Knoxville to spend a few weeks with her daughter, Mrs. Dr. Black.—Miss Gertrude Lenich left this place for Cincinnati last Thursday. She made many friends while here and they regretted very much to give her up.

Mr. Joe Magee has gone to Lancaster to spend several days fishing.—The Crab Orchard base-ball team beat Stanford on the former's grounds, score, 15 to 5.—Mrs. M. E. Brionaugh and Mrs. L. A. Petrus left Thursday for Campbellsville to visit friends for a few days—Miss Sue Beth James, of Stanford, is visiting her aunt, Mrs. J. F. Holdman.—Misses Lu'a and Clara Mene'e, of Albright are visiting their sister Ernie for a few days.—Mrs. R. H. Brionaugh has been to Lexington to see her daughter, who has been very sick, we are glad to hear that she is able to be up.—Decoration day was not observed here May 30th, only by a few old soldiers, who went to the cemetery carrying baskets of flowers.—Mr. Geo. Thompson and wife and Mr. Shivel and wife, all of Maretburg, gave our town a call yesterday the 3rd, on the quivin, in expectation of wedding in our midst of one of our popular gentlemen and lady.—Miss Lena Napier, showed us a set of table napkins and doilies, this morning, consisting of 37 pieces. They were for Mrs. M. J. Harris, of Louisville. It was a very handsome set, for which she gets \$25, which seems small compensation for the labor and eyesight expended.

BUBAN DIARRHEA.
U. S. soldiers who served in Cuba during the Spanish war know what this disease is, and that ordinary remedies have little more effect than so much water. Cuban diarrhea is almost as severe and dangerous as a mild attack of cholera. There is one remedy, however, that can always be depended upon as will be seen by the following certificate from Mrs. Minnie Jacobs, of Houston, Texas: "I hereby certify that Chamberlain's Colic, Cholera and Diarrhea Remedy cured my husband of a severe attack of Cuban diarrhea, which he brought home from Cuba. We had several doctors but they did him no good. One bottle of this remedy cured him, as our neighbors will testify. I thank God for so valuable a medicine." Sold by all drugists.

THE POOR EDITOR.

In Missouri the other Sunday a preacher at the end of his sermon said: "Let all in the house who are paying their debts stand up." Instantly every man, woman and child rose to their feet. The preacher seated them and said: "Now every man who is not paying his debts stand up." The exception a careworn, hungry looking individual, clothed in last summer's suit, slowly assumed a perpendicular position. "How is it, my friend," asked the minister, "that you are the only one that is unable to meet his obligations?" "I run a newspaper," he answered weakly "and the brethren here who just stood up are my subscribers and—." "Let us pray exclaimed the minister. —Ex.

A GREAT FIDDLERS' CONTEST.

Col. J. M. Biggs, of Glasgow, Ky., has leased the new Masonic Temple Theater, Louisville, for three nights, June 14, 15 and 16, and will hold the greatest old time fiddlers' contest and jubilee on record there at that time.

Col. Biggs conducted the great contest at Nashville recently in which the Kentucky Fiddlers won the State championship over the Tennesseans, and will bring all these great fiddlers and hundreds of other to the Louisville contest.

Fifty-thousand posters are being sent to all parts of Kentucky, Indiana and Ohio. In these posters the Kentucky fiddlers challenge the fiddlers of Indiana, Ohio, or any other State in the Union to excell

Large cash prizes will be offered for the best players in troupes, bands and single handed, and there will be a grand parade each day through the streets of the city, by hundreds of fiddlers keeping step and time taps on fiddles as they march. A very low rate of one cent a mile on all railroads from points South the Ohio river will be in effect for the round trip good for several days, and all the great fiddlers within a 100 mile of the city will be there. A part of the net proceeds of the contest goes to the Old Soldiers' Home, at Pewee Valley. For this reason all newspapers and all others should do all in their power to make it a success.

The name and address of all fiddlers in the State is wanted. For

supply of posters and full particulars address, J. M. Briggs, Glasgow, Ky.

FOUND A CURE FOR DYSPEPSIA.

Mrs. S. Lindsay, of Fort William, Ontario Canada, who has suffered quite a number of years from dyspepsia and great pains in the stomach, was advised by her druggist to take Chamberlain's Stomach and Liver Tablets. She did so and says: "I find that they have done me a great deal of good. I have never had any suffering since I began using them." If troubled w/ dyspepsia or indigestion why not take these Tablets, get well and stay well? At all drugists.

FOR MAGISTRATE

We are authorized to announce
GRANVILLE LEECE
as a candidate for Magistrate in the Fifth
district composed of Brown and Brodhead
voting precincts, subject to the action of the
Democrats of that district.

THE Democrats have long accused the Republican party of being the representative of vested interests, of monopolies and trusts.

Now the Republicans have an excellent opportunity to prove the charges false—if they are not true. A Republican President has called attention to the fact that the tariff schedules must be lowered to secure a "square deal to all American citizens," because the present high rates are being used by the trusts—"the hogs with their feet in the trough," as the President terms them—to rob American consumers while foreigners are reaping the benefit of the self denial practised by the American people to build up their "infant industries." A Republican President has pointed out that the highways of the nation are the railroads and that justice cannot be insured to all equally as long as these public highways are dominated by a few individuals or corporations. A Republican President has demanded a statue which shall compel the managers of political campaigns to make public the list of the contributors to their campaign funds, so that the people may know who supports the respective candidates and to whom they are obligated. These remember are the demands of a Republican President. If the Republican party is not all that the Democrats have charged the way is open for the party to prove it by responding to the demand of its own President.

POLITICS AND POLITICIANS

W. L. Douglas, the Democratic Governor of Massachusetts, who received a plurality in the election last fall when Roosevelt carried the State by an overwhelming vote, has announced that he will not be a candidate for reelection, as he has little taste for public office and prefers the quietude of private life.

It is believed at Washington that the President is almost persuaded to abandon the idea of calling Congress together in extra session.

Ground has been broken at Williamsburg for the erection of a handsome college building. In fact, it will be one of the finest educational structures in Eastern Kentucky. The nucleus, to which other funds have been added, was a donation from the American Missionary Association, an organization under the guidance of the Congregational church. Some time ago, the academy under the protection of the church, was burned at Williamsburg, and it was decided to erect a building of a more pretentious type, enlarge the facilities and raise the standard of the school.

Veach, was given the Entered apprentice degree with his father as Worshipful Master, his mother's oldest brother—Dr. S. R. Fisher—as Senior Deacon, her youngest brother—C. H. Fisher—Senior Warden, his grandfather, eighty years of age, was to have vacated as Junior Warden but illness prevented. Old members say it was the most impressive ceremony ever witnessed in a lodge."

Colonel Lovings was shot and killed by a man by the name of Spires last Tuesday near old Providence church. There was a celebration in the grove near the church and the best information we have been able to receive is, that Lovings and Spires met up at a spring near the church and the trouble followed. It was the result of an old grudge.

The suit of E. C. McWhorter, against the town of Livingston, was decided in favor of the defendant—the town. Suit was brought but yesterday dismissed on the grounds that a town the size of Livingston is not responsible for its bridges.

A cablegram from St. Petersburg says the spirit of revolt is rife among the Russian troops in Manchuria, and that Gen. Linevitch has wired the Czar that a continuation of the war under the circumstances is impossible. Little hope for the Russians can be found in the latest dispatches regarding the naval battle. Only four of the vessels of Rojessvensky's fleet are known to have reached Vladivostok, the cruiser Almaz and the torpedo boat destroyers Grizay, Bravi and Terosiahty. The full extent of the Russian casualties is not yet known. The Japanese losses are reported from Tokio, are only three torpedo-boats sunk, three officers killed and about 200 men killed or disabled. It is definitely known that Vice Admiral Rojestvenski captured. Interest now turns to the situation in Russia as the result of the naval disaster. The Emperor Wednesday summoned to the palace at Tsarskoe Selo all the members of the imperial family and later called into extraordinary council Admiral Alexieff and all his Ministers of State, and a series of conferences took place. The result of these conferences is in doubt.

DRIFTING TOWARDS BRIGHT'S DISEASE

Many people who are neglecting symptoms of kidney trouble, hoping "it will wear away," are drifting towards Bright's Disease, which is kidney trouble in one of its worst forms.

FOLEY'S KIDNEY CURE

stops irregularities, strengthens the urinary organs and builds up the worn-out tissues of the kidneys so they will perform their functions properly. Healthy kidneys strain out the impurities from the blood as it passes through them. Diseased kidneys do not, and the poisonous waste matter is carried by the circulation to every part of the body, causing dizziness, backache, stomach trouble, sluggish liver, irregular heart action, etc.

If you have any signs of Kidney or Bladder Trouble commence taking FOLEY'S KIDNEY CURE at once, as it will cure a slight disorder in a few days and prevent a fatal malady. It is pleasant to take and benefits the whole system.

How to Find Out.

You can easily determine if your kidneys are out of order by setting aside for 24 hours a bottle of the urine passed upon arising. If upon examination it is cloudy or milky or has a brick-dust sediment or small particles float about in it, your kidneys are diseased, and FOLEY'S KIDNEY CURE should be taken at once.

Two Sizes, 50 Cents and \$1.00.

EXCURSIONS TO THE WEST

To the Pacific Coast—California, Oregon, Washington—round-trip, long transit and return limits, liberal stop-over privileges.

The rate is practically on the basis of one fare for the round trip. Of course, if you wish to visit both California and Oregon or Washington, the cost is slightly more.

These reduced rates are in effect on certain dates in months of May to October, inclusive. They apply from all Eastern points via Chicago, St. Louis or Memphis gateways. The Rock Island System will take you up in either Chicago or St. Louis, or at hundreds of other Middle West points and carry you to the Coast in through Standard or Tourist Sleepers with unexcelled Dining Car service. The Rock Island also affords a choice of routes: on the "Scenic" route you can stop off in Colorado—see Salt Lake City—visit Yellowstone National Park; on the "Southern" route you can go via El Paso, thru New Mexico, then "up coast" to San Francisco and on to Portland or Seattle if desired.

In short, these Pacific Coast excursions offer an unusually good chance to see our western country in a comprehensive manner.

If you desire to go only as far as Colorado, there are excursion rates in effect to that section and return, all summer long, specially reduced June 30 to July 4, August 12 and 13, and August 30 to September 4. Extension trips to Ogden or Salt Lake and return at low cost also.

THE STATE SUNDAY-SCHOOL CONVENTION.

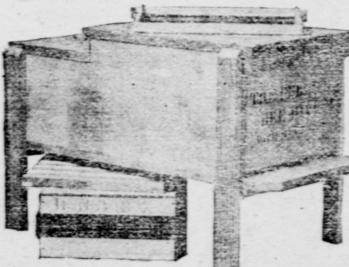

IMPORTANT TO DELEGATES.

The Fortieth Convention of the Kentucky Sunday School Association meets at Somerset, June 7, 8, and 9, next. Every Sunday School in the State should be represented. Three of the choicest workers of America, beside the choicest speakers of our own State will be on the program.

The people of Somerset are as hospitable a people as can be found in the State, but naturally their capacity to entertain is limited, and in order that no one may be shut out who desires to go, our State executive Committee will provide entertainment at hotels and boarding houses for all over the number the people can entertain in their homes. It therefore becomes necessary for the State Committee to charge each delegate asking for entertainment \$1. This is a small amount and no delegate should feel it a hardship to pay it. If it should not be needed for entertainment, it will go into the State treasury.

A special train will leave Louisville at 10 a.m. June 7, and arrive at Somerset 4:10 p.m. For particulars, consult J. R. STUCKEY, County President, Livingston, Ky.

The United States Supreme Court had adjourned for the summer term.

HUGE TASK.

It was a huge task, to undertake the cure of such a bad case of kidney disease, as that of C. F. Collier, of Cherokee, Ia., but Electric Bitters did it. He writes: "My kidneys were so far gone, I could not sit on a chair without a cushion; and suffered from dreadful backache, headache, and depression. In Electric Bitters, however, I found a cure, and by them was restored to perfect health. I recommend this great tonic medicine to all with weak kidneys, liver or stomach. Guaranteed and sold by all druggists."

Gov. Beckham committed to life imprisonment a death sentence imposed on George B. Warner, of Louisville for the murder of Pulasiki Leeks, and ordered that the prisoner be taken to the Lakeland Asylum. The life sentence being respite during the period of Warner's insanity.

DYING OF FAMINE Is, in its torments, like dying of consumption. The progress of consumption, from the beginning to the very end, is a long torture, both to victim and friends. "When I had consumption in its first stage," writes Wm. Myers, of Cearfoss, Md., "after trying different medicines and a good doctor, in vain, I at least took Dr. King's New Discovery, which quickly and perfectly cured me." Prompt relief and sure cure for coughs, colds, sore throats, bronchitis, etc. Positively prevents pneumonia. Guaranteed and sold at all druggists. Price 50c and \$1.00 a bottle. Trial bottles free.

The plans of the new State Capitol were finally accepted by the State Capitol Commission. Bids will probably be accepted about July 15. The length of the building has been increased from 380 feet to 402 feet and ten inches, and there will be handsome approaches at either end.

QUESTIONS AND ANSWERS.

Answering Mrs. Patten I will say: 1. That Sarah was 127 years old.

2. The wife of King Ahazurao refused to obey him and wives have been going it rather as they please ever since.

Jonah was not the first Prophet. Your other answers were all good.

The piece of silver referred to in the betrayal of Christ was 5474 c. Amount for betrayal \$16 42. Try again Bro. Riddle.

J. N. BROWN.

Answer to J. N. Brown's question, as to why we invert divisor in division of fractions, as for example: If we wish to divide $\frac{3}{4}$ by $\frac{1}{4}$, as a fraction is divided by multiplying its denominator, we multiply the denominator of the dividend, $\frac{3}{4}$, by the numerator of the divisor, $\frac{1}{4}$, which is $\frac{3}{4} \times \frac{1}{4} = \frac{3}{16}$. We have now divided the fraction by $\frac{1}{4}$, but that is too large as the required division is $\frac{3}{4}$ and $\frac{3}{4}$ is 4 times $\frac{1}{4}$, consequently our quotient is too small in proportion as our division was too large. As our division was 4 times too large, our quotient is only $\frac{1}{4}$ of the required number. So we multiply the numerator, by 4, as multiplying the numerator multiplies the fraction; then we have $2 - 9 \times 4 = 8 - 9$. So $\frac{3}{4} = \frac{3}{4} \times 4 = 3 - 9$.

In the sentence, "I discovered him to be a villain," "him" is the objective subject object of the verb discovered, and subject of the infinitive to be, villain is the objective predicate.

MRS. M. B. PATTEN.

Brodhead, Ky., May 30, 1905.

Editor SIGNAL:—Enclosed are some answers to the questions of last week's issue. To J. N. Brown's first question, I will say that to express fully as requested, why we invert the divisor when dividing one fraction by another, would occupy too much space.

To the second question, the phrase, "him to be a villain," is the object of discovered. "him" is in the objective case, subjective of the infinitive, to be. Rule: The infinitive has sometimes a subject in the objective case.

"Villain" is the predicate objective case after the verb, to be. Rule: The verb, to be, takes the same case after it as before it.

To Mrs. Patten's question concerning characters:

1st. The wife of lot refused to obey him, when he asked her not to look back into the burning city of Sodom.

2nd. Abraham's wife, Sarah, was 127 years old at her death.

MRS. W. C. SWINFORD.

I would like to ask some one that is better posted in the Bible than I am, this question:

Where did woman come from? According to the Bible, Adam and Eve were the two first people on earth and they had three boys. Cain slew Abel and that left two boys and now tell me where the woman came from?

As its offering of respect to the Confederate Veteran's Union, the Henderson Route is distributing a beautiful three-color print, entitled "The Man in Gray," which is receiving widespread admiration throughout the entire South.

The picture, which is printed from an extra fine etching, reproduced from an original drawing by Mr. Robert H. Moore, the celebrated artist of the Louisville Courier-Journal, is 16x22 inches, and is painted on fine enameled paper, sufficiently heavy for use unframed, but equally suitable for framing.

It is executed in the three cardinal colors of the Confederacy—blue and red—on a white background, and has been rightly termed by critics "a gem."
